Health Begins and Ends at the Cellular Level. What makes Cell•A•Brate so unique?

Optimize your cellular health with nature's most powerful molecules to provide your body with THE BEST DEFENSE against the growing epidemics of chronic and infectious disease.

HOW?

With CELL•A•BRATE, Alovéa's proprietary blend that helps protect and defend your cells which is the key to optimizing your overall immune health from the inside.

WHY IS THIS IMPORTANT?

Our immune systems have become almost defenseless against the constant assault on our cells due to poor diets, mounting stress, toxins and the ever-growing threat of bacteria and viruses.

Yummy
Immune
Support for
the whole
family!

Alovéa traveled across the globe to find "BEST IN CLASS" powerful nutritional ingredients to blend into a delicious base of nature's "ideal" whole food source, Manuka Honey, to support cellular health in a new tasty chewable.

ADVANCED IMMUNE SUPPORT – MEXICO:

 †Daily Value not established

SUGGESTED USE:

Take 1 chewable twice daily.

ADDITIONAL INFORMATION

Science shows that different sized fractions of Acemannan (aloe vera's bioactive molecule) provide different benefits to the body. Some are small enough to be absorbed directly into the blood stream, and other slightly larger fractions actually facilitated the plant's amazing immunomodulatory effect. The even larger fractions nourish friendly gut bacteria before being converted to short chain fatty acids that provide additional gut health support. In 2014, Dr. Santiago Rodriguez, the world's leading expert on Acemannan technologies, used new science to develop a second generation Acemannan extract with 4 -5 times more immune activating fractions of Acemannan per gram than his original patented product. This new extract was named Alovéa AE (Acemannan Extract) and was donated and licensed exclusively to Alovéa's Hope Movement.

Take a proactive approach to your health!

Eating several pounds of fruits and vegetables every day would not come close to the advanced immune supporting potential that just two CELL+A•BRATE chewables can provide!
